Fung no Cheone, brother of the Broken Func Tsing desire to make public the following circumstances by which have lost money through no fault of mine -In 1867; I, Fund No Cheong, agreed with one Tso WING YUNG of the Tso TAT KE Shop in Hongkong to clean at Sai-ying poon the lots No. 204 and 205 for which I was to receive the sum of \$6900. After about one half was completed, I, finding that the work was too difficult, threw up the contract, and, although I had spent over four months at it, made no demand for pay. Desirous of getting it completed, Tso Wing Yung, engaged to pay me \$400 more than the contract, if I would finish it; to which I consented, and recommenced the work. work was last year completed and I ought to have received \$7,300. But the extra \$400 was refused by Tso Wing CHEONG, because there was no written agreement, or witness to his promise. Now as, amongst the Chinese held sacred and Tso Wing Yung has broken that he made to me, I, although I can put up with the loss of the \$400, think it right to make the matter public that others may not be so foolish as I myself was in accepting a mere verbal promise. And I hereby solemnly declare to the truth of what I have herein stated.

MEDICAL MISSIONS IN CANTON WE are in receipt of the Report of the Medical Missionary Society in China for 1868, and have much pleasure in noting the amount of good performed by this Were not these should almost hesitate to accept their statements, so much do the figures given exceed those we should have anticipated; patients and 1.038 in-patients were treated during the year, in which 1.825 operations and 672 vaccinations were performed. When we reflect upon vast mass of human pain and suffering thus alleviated, the lives, heretofore hopeless, saved and rendered hopeful, and the immense influence for good as regards Chinese appreciation for foreigners which these figures represent, we feel laudatory comments upon the self-denying labors of those who contribute to this great end are almost impertment. We need not here enter into details of cases which proper enough in the pages of a medical report, are scarcely fitted for the columns of a newspaper. But the general facts recorded are briefly as follows :--Enlarged accommodation for in-patients has been provided, and it is anticipated

NOTIFICATION.

THE TEA TRADE AT CANTON.

INHE following Notification has been issued by Her Britannic Majesty's Consul at Canton:-Notification No. 2.

BRITISH CONSULATE,

. Canton, February 26, 1869. Representations having been made to the uindersigned with reference to the difficulties experienced in obtaining the due fulfilment of contracts through the failure of the Teamen and Brokers to supply Teas in bulk according to the muster upon which. they were purchased, he brought the matter, in conjunction with the Consul for the United States, before the Chinese authorities, with a view to devising some mode by which the evil complained of might be reccourse, such as Tonnage having been enothers unnecessary to mention. Moreover, as the rejection of a chop was little likely to cause loss or damage to the Teaman owing to market fluctuations, no unwillingness was felt en his part to such a result; in fact, it was an encouragement to fraudus lent practices. The undersigned was therefore of opinion that compalling the fulfilment of contracts or enforcing what is termed an "equitable cut" for inferior quality, were necessary measures, if trade was to be conducted on anything like a sound basis; he therefore directed his attention to devising a mode of arbitration or proceeding by means of which the expenses and delay of a Chinese court of law might be avoided. It is not worth while to detail the particulars of the proposition he made; as, after long negociations, it was rejected by the Tea guild, who met it by a counter proposition that if Tea when delivered was not equal to muster, it should be rejected, Seeing that no amicable arrangement could be arrived at, the undersigned, in conjunction with the Consul for the United States, requested the Chinese authorities to notify to the Teamen, brokers, and others, that the utmost rigour of the law would be enforced in all cases of fraudulent practices, and he hopes that the Proclamation which

not escape with impunity from the consequences of their misdeeds. (Signed) D. B. ROBERTSON,

Proclamation by CHEN, Magistrate of the Nanhai District, and YANG, Magistrate of the P'wangyu District :-

We have received instructions from his Honor the Financial Commissioner, embodying orders from his Excellency the Viceroy in tenor as follow :-

"The Viceroy received a communication on the 20th August last from the British Consul, Mr Robertson, to the effect that he has been addressed by the British merchants at Canton with reference to the great loss and detriment to their trade caused by the inferior qualities of the Teas supplied by the Teamen, not withstanding their contracts to deliver Teas according to muster. The practice appears to be that the Teabrokers take round samples of Teas, and he countersigned by some responsible Per | the merchants after inspecting and tasting their qualities and arranging for the price Patients are also admitted on Deposits at | to be paid for the chop, with the weight in piculs and the time of delivery, engage tonand when the Teas agreed for arrive in Canton, they are found on inspection to be not only far inferior in quality to the sample supplied, but largely mixed with what are called 'lie-teas,' or leaves of plants of all kinds prepared to imitate the genuine tea. This has now become the regular practice, and it is necessary that some measures should be taken to put an end to the frauds which are thus perpetrated. He therefore urges that measures be devised with this end in view, etc., etc. The U.S. Consul, Mr King, has also made a similar representation. On receipt of the foregoing the Viceroy ordains that a notification be issued to the Tea dealers with injunctions to be laid upon them for their obedience."

The Magistrates being in receipt of the above instructions, have to issue a notification in pursuance of their tenor; and we do therefore accordingly proclaim for the instruction of all members of the Tea Trade, that it is an obvious duty to make honesty and good faith the guiding principles of commerce with foreign merchants and that to cherish fraudulent designs can in no wise be permitted. They should, moreover, bear in mind that tie bulk of the Tea export has been confined of late years to the ports of Fukien, whilst the local trade in Canton teas itself has at the same time languished in an unusual degree. If frauduent practices in the way of false packing be further persisted in, not only will those guilty of such acts be liable to prosecution and thus incur the danger of arrest and of actions for compensation, but the trade itself will continue to fall off daily, and the possibility of gain to the trader will be still more remote. It is not difficult to perceive on which side the real interest of indulging in fraudulent practices, on com-plaint being ledged by foreign merchants, they shall not only be required to make compensation, but shall further be visited with severe punishment, under the statute for assimilating the offence of obtaining money under false pretences with the crime of robbery, Be ye careful, therefore, not in trouble. Let all tremblingly obey. A special Proclamation.

Dated February 22nd, 1869. Translated by Wil. Fred. Mayers.
